SUPPLY OF NATURAL GAS FOR BAY ST. LOUIS IS DEFINITELY CONTRACTED

For With United Gas Pipe Line Company—Largest Holding Company of Supply in This Section—Mayor And Commissioners Advised of Success.

Many inquiries have reached The Echo in regard to the city of Bay St. Louis getting natural gas supply for both industrial and heating purposes. These inquiries come from many people who are willing to subscribe for the service; a number planning to build while others come more especially from New Orleans where many people reside who are deeply concerned in the convenience of gas for their Bay St. Louis dwelling.

As stated in these columns on former occasion the matter was in abeyance pending the decision of the United Gas Service Supply company. It was rather indefinite just where the supply was coming from and what supply firm would be willing to give the contract.

However, H. E. Randall, representing the United Gas Pipe Line Company, under date of August 20, from Houston, Texas, telegraphed E. P. Joseph, at Glenmora, La., the consulting engineer in charge of "gas for Bay St. Louis," as follows: "Bay St. Louis contract being prepared."

On receipt foregoing telegram, Mr. Joseph, mailed the following letter from Glenmora, La., dated August 20, addressed to Mayor and Board of Commissioners, City of Bay St. Louis, Miss.

"I am enclosing copy of telegram received from United Gas Pipe Line company concerning a contract for natural gas service for your city.

"This contract is being prepared by the engineers and attorneys of the United Gas Pipe Line Company, as indicated in this telegram. It will be several days before this contract reaches me for inspection."

Signed: E. P. Joseph, consulting engineer.

The foregoing telegram and Mr. Joseph's letter explains the situation as is just now and to say the least it is very encouraging. The fact the gas supply could not be contracted for and now a contract to that effect is definitely clarifies the situation.

With this contract signed, sealed and delivered, we are informed work of surveying and the matter of financing will proceed immediately and aside from the time required to do these things there will be no further delays.

The Echo has ever been an advocate of natural gas for Bay St. Louis. The benefit to accrue therefrom are inestimable. And we naturally feel jubilant that negotiations have progressed to the present definite status. Further progress in this all-important matter for our community will be printed in these columns from time to time.

This is as important as our bathing beach and recreational pier. These matters are entirely up to our city fathers. They will be looked to to push these matters to early consummation. We must look to no other sources.

ATTENDS FUNERAL OF RELATIVE.

Mrs. Marielouise Juden was called to New Orleans Monday by a message announcing the death of her late husband's brother, John Richards Juden, Jr., who died in that city at an early hour that morning and was buried at Metairie the following day. Mr. Juden was the husband of Dorothy Woods, father of Mrs. Robert H. Sarpie and the late John Juden III, aged 68 years.

The deceased some three weeks ago was suddenly stricken while attending a banquet at Hotel St. Charles, taken desperately ill to the extent he could not be removed from the hotel. He was a well-known business man, member of the firm of Terry & Juden, haberdashery manufacturers, and was socially prominent as well.

IN TRIBUTE TO THE MEMORY OF DEPARTED FRIEND AND CITIZEN

EMILE J. GEX

County attorney for Hancock, who passed away at New Orleans, Friday, July 29, 1938, following a surgical operation. No man had truer friend. A champion of the poor and underprivileged; who rendered service without price; who sought no return for his numberless good deeds. A man whose passing leaves a void; a loss to the community that is irreparable. One who wore the mantle of magnanimity. His spirit was charity to all, malice toward none.

IRVING BERLIN TELLS HOW TO WRITE NEW SONG HITS.

Famous Alexander's Ragtime Band in Celluloid Version at Paramount Theater, Gulfport.

So you want to be a song writer? Heed the advice of a man who has written 600 of the nation's hits—songs which have sold more than 50,000,000 copies.

Your mentor is Irving Berlin, whose latest and greatest hits from the spirit and soul behind Darryl F. Zanuck's dramatic story of our times—an American cavalcade which comes to the Paramount Theater at Gulfport on Sunday and Monday, when "Alexander's Ragtime Band" opens with such stars as Tyrone Power, Alice Faye and Don Ameche.

Berlin reveals his formula for writing—not songs, but hits.

Given that you have a natural ear for music, the first thing to learn, Berlin maintains, is to apply the seat of your pants to the seat of a piano stool and not be afraid to stay there for hours at a time working at a song creation.

No Easy Job

"Seldom does a song writer or any other creator," Berlin said, "meet a person interested in his particular field who doesn't firmly believe that composing a song is a snap, something that's dashed off in a moment, or that's dreamed up during a peaceful slumber."

"Then again, many people seem to think that there's a stirring melodramatic story behind each song. That's not so."

"Some fellow who has a burning desire to do that particular thing, coupled with sufficient patience and industry, sits down and works until an idea comes, takes shape and is polished into a finished product."

A victim of persistent fever of varying temperature, Alfred B. Vassalli, proprietor of Sanitary Bakery, Washington street, was taken to New Orleans Wednesday afternoon to Hotel Dieu in order laboratory test may be made in order to further diagnose his ailment. PROGRAM PRESENTED GULF SIDE SONGFEST DENOTED QUALITY

Large Crowds Assemble to Hear Annual Pageant of Negro Spirituals at Waveland.

Well nigh an established and recognized institution, the fifteenth annual Gulf Side Songfest, Waveland, was presented on Sunday last, with many from different sections of Mississippi, Louisiana and Alabama to hear a veritable pageant of Negro spirituals, a Frederick Hall program by Otharmonic Ensemble, Gulf Coast Chorus, Pearlantine Chorus and the Gibbs Jubilee Singers, the latter heard every Sunday morning from radio station WWL and prove far above the average.

During the year Gulf Side has aimed to develop this songfest into a Gulf Coast annual event, offering to all people of entertainment interpretation of Southern life and that in a great measure of art.

The Otharmonic singers from New Orleans rendered exceptionally fine numbers. Dr. Hall, who had charge of the program, is head of the music department of Dillard University and has studied folk songs for two years in Southern Europe and in Africa.

The entire program presented last Sunday was received with proper appreciation and aside from the merit of the work the entertainment was equally successful. The management of Gulf Side scored signal success. The large number of white patrons from various sections gave added endorsement of the work carried on at Gulf Side.

Owner of Smith's Grocery Purchases Blue Ribbon Bakery, Main Street.

Property located on Main street, corner Old Spanish Trail, better known as the former Blue Ribbon Bakery, was sold this week by its owner, A. B. Vassalli, of the Sanitary Bakery, to Harrison Smith, owner of Smith's Grocery, occupying the adjoining premises. Mr. Smith will move his grocery business into the new location, presently occupied by the Black Rail Night Club, and plans to use the larger space for the display of added stock. Building presently occupied by Smith's Grocery is owned by a New Orleans party.

Including in the purchase the dwelling and connecting lot to rear of the newly-acquired property will be used by Mr. Smith as place of residence. The transfer was signed Tuesday.

En route home they will visit California where they will tarry awhile. Mr. Levy, although a busy attorney finds time for fishing in this section, and will be home in time for the early piscatorial season. Waveland and Bay St. Louis has no boosters more ardent.

New \$17,000 Colored City School Building Fast Taking Shape.

Frame work for the new \$17,000 frame school building for the Bay St. Louis Valena C. Jones School, for colored children, constructed jointly by WPA federal setup and the city of Bay St. Louis is in position and gives well the idea of the building as to size and its spaciousness when completed. The building is one story, all class rooms on low level to avoid added danger of emergency.

Vinson Smith, Gulf coast architect, prepared the plans and the work is under C. E. Wells, well known local engineer and builder who is well known for various big jobs he supervised and constructed hereabouts.

Just when the building will be ready for occupancy is not stated. However, from present indication, and if we are to judge the future by the progress of the past it will not be very long. In any event, it is going to be a splendid building, and a credit to the city as well. All material from the former school building was salvaged and used in the new structure. The lumber is old but all of fine quality and well seasoned.

LEETOWN FARM BUREAU HEARS MISS PETERS, CO. AGENT

Discussion on Marketing at Friday Night's Meet—Summary of Talk Delivered.

Miss Peters attended the Leetown Farm Bureau meeting, Friday night, August 19th, and gave a brief discussion on marketing. She feels that this subject is of great importance to the entire county so she is giving a summary of this talk below:

Many products of the farm and home must be consumed every year, and their production affords an important means of support for a large number of people, and the means of providing a secondary income for many others. Today if our boys and girls could make a place for themselves right in their own community, by developing a dependable business, there would not be so many idle drifters. It is the idea of most boys and girls that they should leave home to earn a living, but now the outside world is crowded and there is no place for them to go. Of course, it is necessary to first supply the home and then after this is done with this one objective in mind, "To dispose of the surplus products from the farm and supply the consumer with fresh foods," let us turn our thoughts toward marketing.

This marketing problem is not just yours or mine, but each individual of Hancock county, and it cannot be made a success without much determination, and long hours of hard work. There are many preliminaries in setting up a market—First we determine the supply and demand and then work out a plan for meeting this demand. This is all reached by making a survey of the entire county:

1. Is the community large enough to support a market?
- (a) Volume of products in demand.
- (b) Kind for products in demand.
- (c) Source of products.
2. How is the community served at present?
- (a) Through stores.
- (b) Through peddling by farmers.
- (c) Price of production.
3. Number of producers necessary to maintain a market.
4. Attitude of Community toward market.
5. Possible location.
- (a) Rent.
- (b) Desirability.
6. Equipment and cost of same.

If they decide that the market would be profitable it is organized and becomes an active organization to promote and protect farm people, who desire to market their products, thru the means of the Home Demonstration Club Market. Standards are set up for everything sold, handicrafts as well as for foods and have to be reached. Such marketing maxims found true by Mrs. E. L. Match will be found true in any market and should always be remembered.

Regard everyone as a possible customer, but never bore a friend. Remember the world wake up hungry every morning and everyone eats three square meals a day.

We are judged by every jar we sell.

One dissatisfied customer can do the business more harm than twenty satisfied customers can do it good. Try to do something to increase the good will of the business.

Make it easy and pleasant for people to order.

Try to find out what the customer wants. It is poor salesmanship to sell a woman anything she does not want.

Make adjustments cheerfully, as if it were the delight of your life. It was old Marshall Field who said, "Remember the customer is always right." So let us set our hands and heads to work and establish a club market for your individual farm products of Hancock county and have each of you ready to become a bona fide member.

In the congressional race Congressman Wm. M. Colmer of Pascagoula polled 1170 and Dick Wooten of Hattiesburg 274.

All Congressmen Renominated.

There will be no change in the political and personal complexion in the national house of representatives from Mississippi for the next two years, 1939-40.

Representative Will M. Whittington of the Third District was returned without opposition.

No Second Agonies.

Clear majorities of the other six House members ran from 2000 to 10,000 or more over their opponents and no runoffs were necessary. In the First District returns from 204 precincts of a total of 255 showed that Congressman John E. Rankin, chairman of the House veterans affairs committee and TVA champion, received 11,677 votes against 6353 for Sam Lumpkin, state legislator, and 708 for Charles G. Hamilton, a minister.

In Our Own

Representative W. M. Colmer in the Sixth District was renominated by almost three to one over his opponent R. C. Wooten, in 295 of the 321 precincts. The vote was Colmer 17,714 and Wooten 6389.

The most closely contested race was the Seventh where Representative Dan R. McGeehee won over two challengers, Hugh Gillespie, district attorney at Raymond, and Tom Reed of Natchez.

McGeehee received 15,775 votes in 264 of the 295 precincts against 9611 for Gillespie and 3151 for Reed. The missing votes were calculated to have little bearing on the official result.

TAXING SALARIES OF OFFICIALS.

WE think that there will be very general agreement that if the Federal Government is accorded the right to tax the salaries of state officials, that the State Governments should have the right to tax the salaries of Federal officials. This, of course, is in line with the recommendation of President Roosevelt, who in April proposed such taxation on salaries of officials.

Naturally, it would be wise to provide that neither the States or the Federal Government could levy a tax against officials of the other units except upon the same basis of the tax upon its own officials. In other words, if the Federal Government levied an income tax against the salaries of State officials, they should not pay any more than Federal officials pay to the Federal Government on their own salaries. The same rule should apply to State income taxes against salaries of Federal officials.

SCHOOL DAYS AT HAND.

THERE are many elements that contribute to keep Bay St. Louis and vicinity on the map. Of the many none the least of these are our schools. There are many, varied and sufficient to supply any demand. They are of the best in the land, duly affiliated and with accredited standing.

Bay St. Louis has always been proud of its schools. This is an educational center and has long since been recognized as such. Our schools are expanding. We find the college, academy, high school, Central and ward schools increasing in attendance each year. This season will not be the exception.

Our schools will re-open for the 1938-39 session shortly—the first Tuesday after the first Monday. Directing heads urge enrollment early and students attend their classes from the very first day on.

PREPARING FOR COAST BOULEVARD.

PRELIMINARY work in preparation for building double highway along Harrison county seawall continues uninterruptedly. One of the major projects of the Coast, in due time, will be in the making. The present coast highway is not only unevenly surfaced, but in questionable condition, tortuous in contour and narrow. State Highway Department reports indicate all will be remedied in addition to the new concrete 'slab' that will make for the Riviera Boulevard.

VALUE OF NEWSPAPER ADVERTISING.

NEW Orleans merchants recently staged a "dollar day," the success of which was made possible by liberal use of newspapers advertising. Of course, merchants had lots to offer, genuine values for less money. Press advertising attracted thousands of shoppers to that city that otherwise would have remained at home. Other business places profited in comparative proportion. Nothing but newspaper advertising could have put over the big sale.

HENDERSON POINT.

KEEP your eye on Henderson Point, on Bay St. Louis. This is one of the sections of the Mississippi Gulf Coast in the rapid building. The summer population there is dense. More dwellings and other buildings constructed there this year than any other section of similar size on the Coast. Bay St. Louis merchants draw considerable trade therefrom.

In just about four months old man Santa will be having a busy Saturday night.

The weather is entirely too hot for a person to have to go to a neighbor's house to borrow a copy of The Echo; why not send us a subscription today? Neighbors do not like it. They have told us so.

One reason Governor White's illness is worrying him so much is that the doctors tell him he can't make the proposed trip to Los Angeles with the Legion boys... he had such a swell time in New York last year that he wanted to go West and see Mississippi lead the "world's longest parade" on the West Coast.—John Hancock.

It is interesting, if not alluring to read "Letters From the People" in N. O. Daily States concerning Boake Carter's daily comment letters to that paper—a syndicated feature. Permitting and publishing Carter's "But"—letters is what makes America a free country, a land of democracy, the right to think aloud. That the "King can do no wrong" belongs to the ash heap and tin can dump.

War talk and "war scare" apparently had little or no effect on summer travel from America to Europe this summer. The annual exodus was as large if not larger than usually. The average person received more souvenir post cards from abroad than ordinarily. New Orleans, according to an authoritative report, exceeded its accepted quota. Returning home, consensus of opinion is—more talk of European war in American newspapers than on the old Continent.

FOR A MORE INTENSE CAMPAIGN OF BEAUTIFICATION.

THE campaign for the city beautiful never lets up in live and progressive localities where the home folk wish to extend the cordial hand of welcome; to attract visitors and to further induce them to make their homes in our midst.

A city with clean streets, free from litter, free from sidewalk grass, lots that are clear and clean and front yards where lawns are greenest and gardens that show care and attention; dwellings that give evidence of paint and other signs maintenance demands are the localities most likely to attract others to make their home there.

As a city is judged by its churches, and schools, the calibre of its citizens who represent the place, by the progressiveness of its business houses, its civic organizations, and, incidentally by its newspaper as well, are judged by appearances.

No visitor will tolerate unkempt streets and sidewalks. No visitor will want to tarry in a locality where such neglect makes for an unsanitary condition. There must be plenty of water and pressure with which to fight fire, plenty of pure drinking water; there must be ample recreational facilities. In other words, a fit place in which to live properly and decently.

We regret to see litter on the streets; weeds on sidewalks, vacant lots high with weeds and supplying pollen for the afflicted; we regret to see many things that easily could be corrected. Ours should be the ideal city more so than it is.

The town that fails to adequately support its institutions for the civic good and to add new enterprises in the way of public improvement is gradually deteriorating. It has well been said, and it is applicable, that standing still is going backwards. Not to spend is too frequently false economy. Let the march of improvement continue.

NOTICE TO THE WORLD.

LAST week the President of the United States and the Prime Minister of the Dominion of Canada joined in dedicating an international bridge, connecting the two nations and facilitating free travel of their citizens across the international border.

Americans are apt to take for granted the state of peace which exists between them. They cherish no ideas of aggression against each other, but only the hope of developing in mutual friendship. It is quite different from the situation that exists upon the boundaries that divide some of the great nations of the world.

Significantly, President Roosevelt told a Canadian audience that the people of the United States "will not stand idly by" if their soil is threatened by any other empire. This hemisphere, said the President, is no longer far away from the rest of the world but because of its resources has become a "consideration to every propaganda office and to every general staff beyond the seas."

Expressing the hope that the two countries could make a contribution to world peace the President declared that if the hope failed to materialize "we can assure each other that this hemisphere at least shall remain a strong citadel where civilization can flourish unimpaired." This evidently serves notice upon the world's general staffs that the Monroe Doctrine will, if necessary, be used to safeguard all of the Western Hemisphere from foreign invasion.

We think the President, in making these declarations, spoke the mind and will of the vast majority of America citizens. No longer is there serious division of opinion upon the determination to prevent the development of European or Asiatic empires on this side of the two oceans that separate the Western Hemisphere from the other nations of the world.

LOCAL GAS NOW ASSURED.

FROM the news columns of The Sea Coast Echo it will be learned the cause of delay impeding further progress for the procurement of gas for Bay St. Louis has been remedied and, seemingly, the matter of induction of the service is, apparently, only a matter of time.

The delay has been caused by failure to contact with supply fields. Now that is assured. A telegram to that effect makes it definite. Mr. Joseph, consulting engineer and general manager of the project, has been working in the premises with dogged persistence. He has had extensive experience and well knows the modus operandi.

It is now safe to say gas is assured for Bay St. Louis.

Local promoters have been enthusiastic over the project. And none more so than this newspaper. The Echo promised to keep its readers posted regarding the progress of this improvement. We assume that well have we kept our word. Further information will follow as the project develops.

NOW IS THE TIME TO BUILD.

WITH the assurance of natural gas for Bay St. Louis and that the homestead exemption law has gone into effect, if one is going to build a home in this section of Mississippi now is the accepted time.

Bay St. Louis is well supplied with firms selling building material, complete stocks, wholesale and retail; there are competent contractors and builders and every circumstance seems more propitious than ever. If the funds are lacking the Federal Housing project, thru the local banks, will negotiate the deal.

GAR RODEO TODAY-TOMORROW.

THE Echo wishes to commend promoters of the coast-wide gar rodeo to take place this Friday and continuing on thru Saturday. Considerable interest is manifested in all three counties of Hancock, Harrison and Jackson. The chief purpose is to eradicate from inland waters of the coastal area the predatory fish of which the gar is predominant. Unless this objective is accomplished local fishing will be imperiled.

There is little profit to be obtained by being so busy as to be unable to enjoy reasonable recreation in life. The Echo has always subscribed to the tenet.

Hollywood Notes.

GEORGE RAFT has been suspended by Paramount for refusing to start work in "St. Louis Blues." A disagreement over money is said to be the cause. The picture has been delayed until another actor is assigned the role opposite Dorothy Lamour.

Robert Montgomery is to have the title role in "Earl of Chicago," which was originally intended for Edward Arnold.

Paul Lucas, Veree Teasdale and Alexander d'Arcy have been added to the cast of "Topper Takes a Trip."

Sara Haden will return to her role of Aunt Milly in the Judge Hardy series.

CONTESTANTS FROM NEW ORLEANS IN BAY ST. LOUIS TWO-MILE SWIM ACROSS BAY WATERS WIN IN FINE RECORD TIME.

Achieved marked success in its first two-mile swimming race across the waters of Bay St. Louis, sponsored by the Rotary Club and under auspices Southern Amateur Association, which took place here last Saturday afternoon, it is practically decided such event will become an annual affair.

Prior to awarding the trophies, Brother Peter, president St. Stanislaus, who so generously co-operated as president of the S. A. A. A. announced he would co-operate with the local Rotary club in presenting a similar event for '39.

The Winners

Lloyd Frischhertz, of the New Orleans Y. M. C. A., and Ruth Bennett, playground star, won the race.

Frischhertz's time was 58 minutes 7.1 seconds and Miss Bennett's time was one hour 12 minutes and 40.2 seconds.

An authority says both performances were considered very creditable since the contestants were battling waves throughout and lacked other advantages found in the New Basin canal at New Orleans, where previous races were swam. The men's record is 50.6 seconds made by Louis Nagy in 1932 and the woman's 56:38, set by Thyra Damonte in 1928.

Following Frischhertz in order were Eugene Nunez, Neville Moise and Paul Smith, all of the Y. M. C. A.; Eddie and Philip Brou of Ocean Springs, Fred Beddoe of Shreveport and Lars Pederson of the Y. M. C. A.

Women's Finish

In the women's division Edith Mae Hardy and Vivien Nugent, both of the playgrounds team, were second and third, followed by Margaret Brou of Ocean Springs, Mickey Colon of Gramercy and Eleanor Karlson of Memphis, who chose to swim backstroke, did not finish.

The course was for the most part parallel to the Bay St. Louis bridge, and the race was followed by several hundred spectators on the bridge.

Enjoy New Course

The swimmers enjoyed the new course despite the fact conditions were new to them. Frischhertz, who previously had won A. A. U. two-mile races in 1930, 1931, 33, said the water was good, but that the waves near the finish line made him slightly seasick. Miss Bennett said she had trouble because she "couldn't tell where she was going" all the time due to the waves and lack of markers.

Bay St. Louis sportsmen backed the race to the limit under direction of Rene de Montluzin, executive general chairman of the committee and also president of the Rotary Club. He was assisted by Edward J. Jones, chairman of the swimming committee, and Alden Mauffray and Robert L. Camors, committeemen, and Norton Haas, immediate past president of the club, who stirred up the interest that made the race possible.

Formal Thanks

President Rene de Montluzin, Jr., issues the following expression of thanks, in appreciation of services rendered and contributing to the success of the swim: Thanks to:

(1). The racing committee (Edw. J. Jones, Robert Camors, and Alden Mauffray) for handling all arrangements. (2). Roland Weston, who gave much of his time to survey the course. (3). Chas. A. Breath, Jr., Robert L. Camors, C. J. Gordon, and Bill Lizana for the use of their power boats. (Bill also let us use six of his skiffs.) (4). The Sea Scout Patrol, for manning some of the skiffs. (5). Dr. M. J. Wolfe, medical services. (6). Hotel Reed. (7). The Sea Coast Echo, newspaper. (8). State Highway Patrol. (9). Bennie French and many others who helped make the race an outstanding event for the Bay.

N. O. Yacht Destroyed By Fire—Viewed From Bay St. Louis Shore

While being brought to New Orleans from Pass Christian, the 38-foot-cruiser Celia, owned by David Watson, Jr., of 131 Homestead avenue, Metairie, New Orleans, caught fire and burned the water's edge about one and a half miles out in the Gulf from Pass Christian.

Pete Lang, Pass Christian, pilot of the craft, escaped with only minor burns when he succeeded in launching the Celia's tender and rowing away some time later after he was picked up by the fire by another boat. Cause of the fire was undetermined.

The yacht Celia was well known in local waters. The fire was plainly seen from Bay St. Louis shores and created quite a bit of smoke out in the waters of the Sound.

JANE WITHERS IN 'CHECKERS' DUE AT GULF THEATER 28-29.

Shirley Temple Returns in "Rebecca of Sunnybrook Farm"—Tuesday and Wednesday.

"Gold is Where You Find It" Tonight

Warner Brothers' latest Technicolor film attraction, "Gold is Where You Find It" is at the Gulf Theater tonight. Starring George Brent, Olivia de Havilland and Claud Rains, the film is one of beauty and importance. The wheat growers led by Claud Rains seek protection from the federal courts from the miners who are literally ruining their fine fields with their Hydraulic monitors which give forth a terrific bash-wash.

The story reaches its climax when the miners refuse an injunction from the courts to halt their activities. A gun battle ensues whereby Mr. Brent very thoughtfully dynamites the dam which quite effectively stops the gold mining. But as fate will have it, love finds a way even through trouble and locates with little trouble Mr. Brent and Olivia de Havilland. This grand show starts at seven tonight.

"Making The Headlines"—Saturday Jack Holt returns in another smashing drama of baffling mystery to thrill you once again as he cracks down on a mansion of murder, mystery and romance. Your spine will tingle, your hair will stand on end as you watch Jack Holt "Making The Headlines." Also final chapter of "Zorro Rides Again," you will not want to miss the end of this thrilling serial. Saturday, August 27.

"Checkers"—Sunday & Monday. Once again 20th Century-Fox brings to the screen that grand little star who has won the acclaim of millions, Miss Jane Withers, in her latest comedy hit, "Checkers." Bringing with her Stewart Erwin, Una Merkle and Marvin Stevens.

"Checkers" is a story of a young who tries to do everything and succeeds in doing it well. In trying to effect the marriage of her uncle, Mr. Erwin to Miss Merkle, she is triumphant. While trying to save Miss Merkle's money from a certain ruse which backfires she is simply grand. The most thrilling part comes however when she exerts all her efforts to help a race horse, Blue Skies, in winning a vital race. Jane Withers is at her best in this grand, new story, and one that all will thoroughly enjoy. See it at the Gulf Sunday and Monday.

"Rebecca of Sunnybrook Farm" Tuesday and Wednesday

America's adorable sweetheart is with us once more in Kate Douglas Wiggin's most lovable story of a girl on the farm. Many will do doubt recall the first production which starred Janet Gaynor, and not Shirley Temple brings the screen's sweetest character to life again.

GOLDWYN'S MASTER-PIECE 'MARCO POLO' TO BE AT A. & G.

Gary Cooper at Best in Title Role—Cavalcade of Romance and Oriental Splendor.

A magnificent cavalcade of romance, splendor, excitement and fun will move slowly across the screen of the A. & G. Theater Sunday and Monday in Samuel Goldwyn's greatest screen masterpiece, "The Adventures of Marco Polo." The production offers Gary Cooper in his most romantic role as the swashbuckling adventurer who was the world's first traveling salesman and opened the first important trade route between Europe and Asia during the colorful reign of the great Chinese Emperor, Kublai Khan, fighting and loving as he went.

The picture also introduces Sigrid Gurie, the Norwegian beauty discovered by Goldwyn. In a word, Sigrid looks to this reviewer like Hollywood's next big feminine star. When the story opens the romantic, adventurous young Marco is sent by his father from Venice to China.

Arriving in Pekin with his servant and stooge, Binguccio, Ernest Truex, he amuses and impresses the great Khan and falls in love with his daughter, the beautiful Princess Kukachin (Sigrid Gurie), who is pursued by the villainous Saracen, Ahmed, who determines to do away with Marco.

Marco Polo is captured by Lord Kaidu (Alan Hale), a general at war with the Khan. Kaidu's beautiful but jealous wife (Binnie Barnes), falls in love with Marco and Kaidu promises to let him live as long as he can keep her amused and off his trail.

Meanwhile, Kublai Khan gives Ahmed full control of his army and the villain plots to send the army to destruction in a typhoon in the Chupa Sea and marry the Princess. The girl sends an appeal to Marco who persuades Kaidu to rally his army and march to Pekin to attack the palace and save the Princess.

Ahmed traps the army within the city walls and just when it looks as if Kaidu's army will be wiped out, Marco blows up the palace gates with gunpowder—which had hitherto been used simply for firecrackers. After a terrific battle, Marco rescues the Princess and Ahmed is killed.

Marco establishes peace between Kaidu and the Khan, gets his trade agreements and carries off the Princess.

The production has been brilliantly directed by Archie Mayo from a screen play by Robert E. Sherwood for release through United Artists, and Richard Day's magnificent sets capture perfectly the atmosphere of Thirteenth Century China.

Business steady in most nations as armaments and public works offset slack trading.

Chamber of Commerce calls conference to discuss problems of the transport industries.

be said? I suppose not, except to add that his latest hit is "The Old Barn Dance," and that he has a host of grand songs. The second feature stars Richard Cromwell in "Come on Leathernecks," a grand story of army life which is sure to please all. Also Fox News Thursday, one day only.

Property Worth Owning Is Worth Preserving.....

THE VALUE of a building whether it be dwelling or store house depends on its condition. This may best be kept to the high point by repairing when such attention is needed and keeping the surface painted. Frequent painting not only sustains value but prevents decay and deterioration.

Paint is the cheapest and most efficient form and lasting element for preserving the surface. Let us give you an estimate on the cost of paint required. We will suggest colors, quality and give all information desired about painting and tell you the kind to use. Our service is free.

THE ECHO'S COOKING CLASS

DURING the World War we heard a great deal about saving food. Waste was to be avoided by using left-over foods. Many of us worked out recipes that were even more delicious than those made when the food was first cooked. Be sure your leftover dish is palatable and does not have a warmed-over taste.

Ham Hashed Peppers

6 green peppers
1½ cups cold cooked potatoes
1 peeled small onion, minced
1½ tablespoons minced parsley
2 strips bacon
1½ teaspoons Worcestershire sauce
6 tablespoons water
Pepper

Cut, seed and boil the peppers for 3 minutes. Mix the ham with the potatoes and onion. Add the minced parsley and saute until well heated but not browned in the bacon fat left after cooking the bacon. Add the remaining ingredients. Stuff the pepper shells generously and bake in an oven 450 degrees for 15 minutes. A little melted butter on top of the hash will aid the browning.

Stuffed Tomatoes

6 large firm tomatoes
1 cup cooked fresh butter beans
1 cup cooked fresh corn
2 tablespoons melted butter or margarine
Pepper and salt
4 tablespoons cream
2 strips bacon

Scoop out the pulp and juice from the tomato and sprinkle the inside well with salt. Combine the beans, corn butter, pepper, salt and cream. Mix well. Fill the tomato shells with this mixture and top each tomato with a thin slice of bacon the size of a postage stamp. Bake

in an oven 375 degrees for 20 minutes.

Deviled Eggs

6 hard boiled eggs
4 tablespoons minced bacon
2 tablespoons minced mustard
1 tablespoon anchovy paste
1 tablespoon melted butter
Pepper and paprika

Peel and slice the eggs lengthwise, remove the yolks and mash in a bowl. Now add the bacon, fried crisp, blend in the mustard, pickle anchovy paste, butter and pepper. Stuff the egg slightly, dust with paprika.

Mock Sausage

Put 3 cups of cold cooked peas through a strainer. Add 2-3 cups of bread crumbs, 2 tablespoons melted butter, 3 beaten eggs, salt and pepper to taste. Shape the sausage roll in bread crumbs, egg and crumbs again. Brown in a frying pan with a small quantity of hot fat. Serve with chili sauce.

Chicken Pie

Cream left-over chicken and put in a shallow casserole. Prepare baking powder biscuit dough, roll 1 inch thick, cut in rounds. Heat the chicken to boiling point in an oven 450 degrees. Remove from oven and cover quickly with the biscuits. Bake 12 to 15 minutes or until biscuits have browned.

Caramel Finger

Roll left-over pie dough thin, cut in strips 3 inches wide, spread with soft butter and brush with warm caramel. Place one strip on top of another and bake in a hot oven until brown.

Ham and Corn Fritters

1 cup corn
½ cup ground boiled ham
1 tablespoon minced onion
2-3 cup flour
1½ teaspoons baking powder
If fresh corn is used, cook 5 min.

COWBOY SHOW AT FLAT TOP.

The Flat Top canning and lunch room project is sponsoring "The Trail Blazers" from radio station WFOR Hattiesburg.

The cast includes: Fiddlin' Zeke, Herman Kennedy, the yodeling cowboy; Red (Wildcat) Kennedy, the little man with the big voice, at Flat Top school Friday night, August 26. Admission 10 and 20 cents.

Industry's need for loans is found slight, with working capital of corporations rising.

utes. Mix corn, ham and onion together before adding flour, with which has been sifted the baking powder. When all is well blended, fry by spoonfuls in deep fat. Drain well on soft paper. Serve with a creamed sauce.

Potato Cheese Balls

2 cups mashed potato
½ cup grated cheese
1 egg
½ cup bread crumbs
Salt to taste

Put potatoes in a bowl. Add grated cheese and salt. Mix well and make into balls. Roll balls in beaten egg and in bread crumbs until well covered. Put in medium oven and brown.

Asparagus Omelet

2 tablespoons butter
2 tablespoons flour
1 cup milk
¾ teaspoon salt
3-4 cup diced cooked asparagus
6 eggs
Pepper

Melt the butter, add the flour and smooth to a paste. Add the milk and stir until a smooth sauce is formed. Add the asparagus and salt. Separate the eggs, beat the yolks thoroughly and add to the sauce. Fold in the stiffly beaten whites. Add pepper to taste and pour in a heated pan containing 3 tablespoons of butter. Bake in a slow oven for 20 minutes. Serve at once with a tart jelly.

Why not a

Strozzi Lantern

The Strozzi lantern is a lighting device used in the 15th century—a development of the ancient fire basket using burning pieces of wood as a light source. It is one of a long series of lighting methods which mark the progress of illumination, including torches, candles, and more modern mechanical devices.

Each one of this long line of devices is available today in competition with electric lamps. Why then does the average family use electric lighting and accept it almost as unconsciously as the air we breathe. Why not instead a Strozzi lantern.

Perhaps few of us have ever thought of it in just this way but fundamentally we use electric lighting because it's worth the money—it's a fair buy—it's a better value!

So with all electric service, a moment's thought will show that it has made its way by being "worth the cost."

Recent rate reductions (one of many since the beginning of the Company) make electric energy still lower in price.

MISSISSIPPI POWER COMPANY

PROFIT—by using electric energy freely

IN 1925

The cost of 25 KWH per month in the cities we now serve, ranged from \$2.85 to \$6.25 and averaged about \$3.50 per month, for residential service.

Now 25 Kwh is sold for a uniform price of \$1.50.

This is a minimum reduction of 47%—a maximum of 76% and approximately 57% on the average.

What else do you buy that has this price record?

—Mr. and Mrs. Walter J. Gex returned home from Abbeville, La., where they spent the week-end, accompanying back home their children, Gaynel and Hartwell who spent several weeks with their grandparents. Dr. and Mrs. H. A. Eldridge, Mr. Gex, who is recovering from his recent attack of undulant fever, enjoyed the two-day rest and change of scenes and climate and is on the road to recovery.

—Mrs. Hugh P. Burbank and sons, Hugh P. and Fortune, are spending the remaining days in the interim of opening of St. Stanislaus college, at New Orleans, where they are sort of vacationing. Mrs. Burbank and family recently returned from a month's stay at Hendersonville, in the North Carolina mountains. They will again take possession of their home on North Beach boulevard the first part of September.

—Mr. and Mrs. Hurley Hodgkens with their lovely daughter, Gladys, and Mrs. Hodgkens' sister, Miss Irene Heslin, came out from New Orleans and spent the day with Miss Josie Welch. The occasion of the outing was to celebrate the birthday of Miss Gladys, who for the past ten years has been a valued attaché of the Times-Picayune. Mrs. Hodgkens was born and bred at the Bay and still retains her love for the murmuring pines and whispering waters—that love has been transmitted to her children and they know no greater joy than to leave the city and picnic on the golden sands of the Bay St. Louis beach.

—Mr. Edward I. Bordages, native and former resident of Bay St. Louis and ever with a "soft spot" for the Bay, as this section is affectionately termed by those who love it best, recently completed his twenty-five years service with the Southern Pacific Railroad Company at El Paso, Texas, where he resides and is one of the prominent residents of that section of a great State. Mr. Bordages is a son of the late County Assessor P. C. Bordages and Mrs. Bordages of this city, has many friends here with whom he keeps in contact. Still a young man in the comparative sense, a quarter of a century of continuous service with one concern as big and important as the S. P. is an occasion worthy of congratulation.

—Miss Carolyn Nolan, attractive young daughter of Mrs. Carrie Nolan returned home during the early part of the week from a two-month visit to her maternal grandparents near Jackson, Miss., and will resume her studies at Bay High.

—Mr. and Mrs. Joseph Chalona, their daughter, Miss Joy, and their son-in-law and daughter, Mr. and Mrs. Lawrence A. Molony and son, Larry, have taken possession of the family summer home on Clermont Beach since the first part of the month. The premises were occupied during the earlier summer by Mr. and Mrs. Hugh McCloskey Evans and family of New Orleans, friends of the Chalona family.

—Mrs. F. J. Landry and daughter, Mrs. Kramer, feel the absence caused by the recent departure of the former's daughter, Mrs. Bernard Finan, formerly Miss Dolores Landry, and the baby, who spent a month here while Mr. Finan was taking a special course in degree work at Tulane University. They returned to their home Epworth, Iowa. Recently they returned from Heidelberg where they spent two years attending the famous University there. While here Mrs. Finan was generally feted by the coteries of young friends.

—Mr. and Mrs. Ross Biguenet have at their home in Waveland an attractive guest in the person of Mrs. Alice Biguenet of New Orleans, a former well known and popular resident of the coast, who is frequently the guest of her son and daughter-in-law, Mr. and Mrs. Ross Biguenet. Mrs. Biguenet enjoys the distinction of having her daughter, Mother Alice as superior of St. Joseph's Academy in Baton Rouge. Mother Alice a bright, vivacious and fun loving girl received her early education at St. Josephs at the Bay. She became deeply impressed by the beauty of the order and at an early age took the holy vows and left the world where she was known as Miss Velma Biguenet.

—Mr. and Mrs. J. H. Thompson, who reside in New Orleans, visited their relatives Mr. and Mrs. L. S. Elliott for a short while Monday while enroute to Asheville, N. C., where they plan to spend the balance of the week, getting away from the city's intense heat and enjoying the mountain climate in the "land of the sky."

—Mr. Herman Weil of New Orleans who for several seasons has anchored his yacht the Winifred, in Jordan river at Harrison's has found Biloxi anchorage this season. He came over Tuesday to visit friends at the Bay and Waveland and to renew old acquaintances. He declares he finds the Bay still on the road to progress.

—Benefit softball game, given Sunday night for the joint benefit of Waveland school lunch room and St. Margaret's Daughters of Bay St. Louis, did not fare so well. After deducting expenses, the benefit netted the funds \$4.00 each. Admission was by voluntary contribution and the response was not so generous. However the recipients of the benefaction are appreciative and thankful.

—H. D. Kirkpatrick, local plant man for the Bell Telephone and Telegraph Company residing in Dunbar avenue at Cedar Point, has leased the attractive bungalow belonging to August Schiro, in Carroll avenue, recently occupied by Mr. N. Dick and family. The attractive and inviting premises have been thoroughly renovated and painted throughout. Mr. Kirkpatrick wishes to be located nearer schools and to his place of work.

Personal And General

LOUISE Carriere Reiss, one of our June brides, and Bill Reiss, her handsome young husband who hails from Sheboygan, Wis., arrived in New York this week after a fairy-tale honeymoon all over Europe.

The most exciting part is that practically all of the crowd that were in New Orleans for the wedding will be on hand to greet them and continue the celebration right where they left off.

It took quite a number of telegrams and long distance calls to persuade Mrs. Carriere to leave the rest of her family and dash off to New York for a week, but she left on Tuesday, very much excited at the prospect of seeing Louise and Bill so soon again.

Just one more cause for rejoicing was the fact that bill won \$900.00 the other day on the ship's pool. Passengers best as to the distance the ship will cover each day, which is not a bad wedding gift, at all.

Election day brought the usual frantic dash to the polls by the voters, and hectic "month's-work-in-a-day" for the officials. And this election day brought a blush to the cheeks of one of our most competent young business women.

Enroute to cast her vote, a friend asked if she had with her the necessary two years poll-tax receipts. "Oh yes indeed," she confidently replied, "I'm one of those efficient business women, I always have my receipts."

When it came time to present them, imagine her chagrin to discover that with no amount of searching could she procure more than one lone receipt. She is probably still wondering where she put the other one.

There was practically "a gathering of the clan" last week when Mrs. O. E. Schupp and her youngest son, Robert, came over from New Orleans to spend a few days at the home of Mr. and Mrs. Leo W. Seal, on North Beach Boulevard.

Mrs. Schupp is a sister of Mrs. Seal, Mrs. Ella Maybin, Mrs. John H. Weston, and Mr. Clay Baxter, all of Bay St. Louis.

Most of the time was spent in grand long visits with the family, and informal family parties, one of the nicest of which was the chicken and spaghetti supper given in her honor at the Club Makana.

Mr. Schupp came over on Sunday to spend the day, and his wife and son returned to New Orleans with him that evening.

Mrs. Lester Franklin was the guest of honor at a small informal "coffee-drinking" given by Mrs. Leo W. Seal on Wednesday morning.

Mrs. Franklin, who, with her family has been living in Washington, D. C., for the past three and a half years, is spending a month on the Coast before going to Jackson, Miss., to live.

Mrs. Seal has given a series of these delightful little parties this summer. Her guests on Wednesday included besides Mrs. Franklin, Mrs. Ella Maybin, Mrs. John H. Weston, Mrs. Theodore Robin, Mrs. Sarah A. Power, Mrs. Alvah P. Smith, Mrs. Alice Buckley, Mrs. A. T. Terry and Mrs. Heidi D. Elliott.

Invitations will be out in a few days to the marriage of Miss Inez Bonney, of Enterprise, Miss., and Mr. Benjamin Markett, of Oxford, Miss., which will take place on September 28, 1938 in Enterprise.

Miss Bonney is well known in Bay St. Louis and Waveland and she spends some time here each year as the guest of her aunt, Mrs. Alice Buckley.

Mr. Markett, an engineer, is at present engaged on the construction of the new over-pass at Henderson Point.

Mr. and Mrs. J. Baldwin Allen and their two charming little daughters returned Sunday night from one of the nicest vacation trips imaginable. They drove first to Tyler, Texas, where they left the two little girls with Mr. Allen's mother. From there Mr. and Mrs. Allen went on to Mexico City and Monterrey, in Mexico. They agree that one of the very nicest feature of the trip was the fact that it was positively cold in Monterrey.

Miss Marlow Schminke and Miss Nona Demourelle, of New Orleans, La., are spending a few days at the home of their aunt, Mrs. E. Raquet, on Uman avenue.

Mrs. Henry Yawn, of Memphis, Tenn., is spending a week or so visiting at the home of her aunt and uncle, Major and Mrs. W. A. McDonald.

Mrs. Yawn will best be remembered as Miss Lady-Bird MacDonald, daughter of Judge and Mrs. W. T. MacDonald, who lived in the Bay for so many years. This is the first time in four years that Mrs. Yawn has been on the Coast, and she is having a very pleasant time meeting old friends again.

LOVELY AND ACCOMPLISHED YOUNG OLEAH MAUFFRAY WEDS MR. OCTAVE DELPH.

Of more than ordinary interest was the marriage of Miss Oleah Mauffray of Bay St. Louis and Mr. Octave Delph, two young people of engaging personality, which took place Saturday afternoon in the sacristy of the Church of Our Lady of the Gulf, the Pastor the Very Rev. A. J. Gmelch, performing the ceremony in the presence of immediate relatives.

The bride is a younger daughter of our townspeople, Mr. and Mrs. Joseph O. Mauffray. She was educated at St. Joseph Academy and the University of Mississippi. At one time she was a member of the faculty of Bay High School. One summer she traveled Europe and later gave up her profession of teaching to engage in other fields of pursuit. A pleasant memory of Miss Mauffray's trip to the Old Country is her lecture delivered locally to an organized group.

Miss Iolanthe Mauffray, sister of the bride, and Mr. William Delph were the attendants.

Among the relatives from away present the number included Mrs. Armand Curet, a sister of the bride's mother, and Mr. and Mrs. Fred J. Gimbel, who reside at Jennings, La., the latter also maternal aunt.

Following the ceremony the party assembled at the home of Mr. and Mrs. Mauffray in Main street where an informal reception was held in celebration.

The lovely and accomplished young bride and splendid young room left by motor for a trip East, where they plan to visit principally definitely decided where they will Washington and New York City, not reside but probably in New Orleans from which city the groom hails.

The bride has been engaged at Crowley, La., in federal welfare work, a course in which she specialized and her work pronounced of best in the wide field of endeavor.

BRIDAL COUPLE BACK TO AMERICA FROM HONEYMOON TRIP.

Mr. and Mrs. W. A. Reiss, the latter formerly Miss Louise Carriere of Waveland and Bay St. Louis before her marriage in June, reached New York this week after spending the summer traveling Europe.

They are visiting at the present time at Sheboygan, Wisconsin, home of the groom's parents, where a celebration will be held. Later Mr. and Mrs. Reiss will go to Cleveland, Ohio, where they will reside. Reports are to the effect the happy young couple had a most interesting trip, their travels extending to many places off the beaten path and they visited many of the outstanding places of the world.

Mrs. Edouard C. Carriere left Tuesday morning on No. 4 over the L. & N. R. R. by way of Chicago for Sheboygan, Wisconsin, where she will meet her son-in-law and daughter, Mr. and Mrs. Reiss, returned from Europe this week. She will remain for an indefinite period.

BRANDAO PARTY ON MOTOR PARTY TO MISS. GULF COAST.

In a party-motoring from New Orleans Saturday were Mrs. Edw. Brandao, daughter Ruth and Mrs. Ethel Brandao. Mrs. Brandao and daughter continued to the Edge-water Hotel and Mrs. Ethel Brandao spent the week end with Mr. and Mrs. Roger Boh and enjoyed a trip on the yacht "Corrigan."

CELEBRATED THIRD BIRTHDAY OF JUNE BREATH AT HOME.

Mr. and Mrs. Chas. A. Breath, Jr., celebrated the third anniversary of their little daughter "June" last week. Quite a number of little June's friends attended the affair, and all had a good time.

Horse-back riding and other sports at Camp Sequoia, Bristow, Va., were so much fun that Miss Lucy Weston, daughter of Mr. and Mrs. Harold B. Weston, hated to leave. Two months was not long enough to do all of the exciting things and she is already planning on returning to the camp next summer.

Visiting her son, Peter, at Asheville, Mrs. John N. Stewart returned home this week, after spending the greater part of the summer in the "Land of the Sky" and is at home again at her beach villa.

SCHWANDER-TURCOTTE

Mr. and Mrs. Walter Turcotte of Waveland announce the marriage of their daughter, Stella, to Mr. Jacob Schwander of New Orleans, which took place Sunday, August 21, at St. Michael's church, in that city. Miss Turcotte will be remembered as star of basketball and track during high school and junior college career, well known in the Bay-Waveland community and coast area.

Congressman Colmer Sweeps District In Tuesday's Primaries

(Continued from page 1)

Corban, 16; Estopinal, 8; Graham, 72; Taylor, 33.

There was no statewide contest and no national issue to arouse the voters and as a result the great majority endorsed the works of the incumbents in the quiet primary, tantamount to election.

Due to lack of interest in the country sections the final count of ballots sagged. At last reports 109,000 of the expected 125,000 votes had been reported unofficially representing more than four-fifths of the number of precincts in the six contested districts.

Colmer of the 6th, Ross Collins of the 5th (Meridian) and McGeehee of the 7th (Jackson), a trio that practically made a clean sweep—their majority was overwhelming and clean-cut. Their reappointment was clearly and emphatically an endorsement of their work.

The Late Dr. Rush's Father Dies at Miss. City, Aged 86 Years.

Dudley Miles Rush, 86 years, a resident of Mississippi City, and mather of the late Dr. Rush, practicing physician of Bay St. Louis, died at his home Friday morning in Mississippi City, where he had been residing for the past 31 years.

He was a native of Kemper county and engaged in the mercantile business and planting before coming to the coast. He operated a store in Mississippi City until his health failed about a year ago.

He is survived by a son, Dr. B. C. Rush of Vaughan, Miss., and four daughters, Miss Mamie Rush, Mrs. Charles A. Galloway, Mrs. Herbert Gillis and Mrs. R. P. McKelvine and 12 grandchildren and three great-grandchildren.

A brief funeral service was conducted at the Reimann funeral home this afternoon by Dr. H. T. Brookshire, Dr. W. A. McComb and the Rev. W. W. Moore.
